

BetterMove
Logistics in Motion.

Welcome to BetterMove – Logistics in Motion.

BetterMove GmbH – We move more than goods.

As a young and modern logistics company based in Wörgl, we stand for a new generation of freight forwarding: personal, digital, and efficient.

Logistics at eye level.

We create connections — between people, markets, and opportunities.

With flexible solutions, fast decision-making, and a strong focus on our customers and business partners.

What drives us: a genuine passion for movement — and the determination to achieve more together.

Who We Are

BetterMove was founded on a clear conviction:

Logistics should be simple – efficient, digital, and customer-focused. As a young company, we rely from day one on modern technologies, lean structures, and an open, solution-oriented culture.

Our ambition is not just to organize transports, but to create real added value – through speed, transparency, quality, and personal support.

With an experienced and dedicated team and clearly defined responsibilities, we keep your supply chain moving – competent, reliable, and closely aligned with your needs.

Our Philosophy

We believe in partnership – not mere processing.

For us, logistics is more than moving goods – it is responsibility.

Responsibility for time, quality, communication, and customer satisfaction.

We think ahead, plan proactively, and act consistently in the best interest of our customers – in daily operations, project work, and especially when things get tight.

That's why we act:

- **proactively** rather than reactively
- **solution-oriented** rather than problem-focused
- **transparent** rather than complicated

We support our customers personally, reliably, and with real commitment.

Long-term. Strong in execution. And driven by the ambition to get better every single day.

Our Services

BetterMove stands for tailored logistics solutions in European road transport – fast, reliable, and with a true understanding of our customers' needs.

Our services at a glance:

- **Full Truck Loads (FTL)** – Direct, on schedule, across Europe – we move your goods to their destination in the fastest way possible.
- **Less Than Truck Loads (LTL)** – Flexible, economical, reliable – ideal for smaller shipments with high requirements.
- **Spot Loads & Express Transport** – When time is critical: short-notice solutions, creative routing, full control.
- **Trade Fair Logistics & Project Transport** – Special transports with a plan – precisely organized, safely executed, even under complex conditions.
- **Customs Handling** – Import, export, or transit – we take care of the formalities so you can focus on your core business.

Every order for us is more than just a transport.

It is a promise – of utmost care, transparent processes, and a team that takes responsibility.

Our Mission

We don't just talk about service – we live it.

Short decision paths, fast action, and continuous development keep us dynamic and in tune with the industry.

We deliver logistics with character – personal, competent, reliable.

Experience, expertise, and flexibility enable us to respond to every challenge individually – solution-oriented and efficient.

Our customers are at the center of everything we do.

What drives us is more than a profession – it's the passion to create movement every day: fast, precise, and with genuine closeness to the customer.

Our enthusiasm for transport and logistics is tangible.

We think ahead, act reliably – and bring momentum to every task we take on.

Digitalization is part of our DNA.

With smart tools, transparent processes, and a strong digital foundation, we make logistics future-ready – for our customers and for ourselves.

Our Brand Essence: BetterMove Moves

BetterMove stands for more than transport.

We bring movement to your business – precisely planned, flexibly executed, and with a view of the bigger picture.

Whether it's an on-time delivery or a complex project – we act reliably, responsibly, and always one step ahead.

What sets us apart:

- modern processes
- lean workflows
- fast decision-making
- transparent communication

BetterMove means:

- connection instead of just delivery
- partnership instead of mere processing
- dynamism that builds trust

We don't just deliver – we create real progress.

Our Values

- **Reliable**

You can count on our word – honest, committed, consistent.

- **Dedicated**

We act with energy, heart, and clear thinking – even under pressure.

- **Appreciative**

Respectful, fair interaction – with customers, partners, and within the team.

- **Open**

We think ahead, listen, and communicate honestly and transparently.

- **Flexible**

Solution-oriented, dynamic, and fast in execution.

- **Responsible**

Sustainable, efficient, and always with the bigger picture in mind.

We live these values – internally and externally – in every assignment, every interaction, every touchpoint.

We grow with our customers – as partners, reliably, and with genuine enthusiasm.

Why BetterMove?

Because we don't just understand logistics — we live it and love it.

Our team brings many years of industry experience, combined with the courage to take new approaches.

What sets us apart:

- **Modern mindset**
Digital, transparent, and efficient — we rely on smart processes that create real value.
- **Genuine closeness**
Personal support, quick response times, and clear communication — in almost every European language.
- **Taking responsibility**
We think ahead, act proactively, and deliver more than just from A to B.
- **Experience that connects**
With decades of logistics experience, we understand the market's challenges and know what truly matters across Europe.
- **Passion for logistics**
Our enthusiasm is tangible — in every assignment and every interaction.

Let's Move Together

BetterMove is your partner for modern logistics – personal, digital, and reliable.
